Specifically, no such construction activities shall be deemed to constitute a nuisance or a violation of this Declaration by reason of noise, dust, presence of vehicles or construction machinery, posting of signs or similar activities, provided that such construction is pursued to completion with reasonable diligence and conforms to construction practices customary in the area. In the event of any dispute regarding such matters, a temporary waiver of the applicable provision may be granted by the Architectural Control Committee, provided that such waiver shall be only for the reasonable period of such construction.

3.26 Sidewalks. The Owner of each Lot is hereby required to construct or cause to be constructed a concrete sidewalk in the public street right-of-way adjacent to such Lot in accordance with the specifications set forth in the Plat and the requirements of the City of Austin, in conjunction with and at the time of construction of the primary dwelling structure on such Lot. Any public utility easements provided along front and side Lot lines may be used for construction of the sidewalks with the prior written approval of the Architectural Control Committee and of any utility companies furnishing utility service through such easements. Each Owner shall be responsible for the maintenance and repair of the sidewalk adjacent to such Owner's Lot after construction, and shall maintain such portion of the sidewalk in a good condition of repair.

3.27 Compliance with Provisions of Restrictions. Each Owner shall comply strictly with the provisions of the Restrictions as from time to time amended. Failure to comply with any of the Restrictions shall constitute a violation of this Declaration, and shall give rise to a cause of action to recover sums due for damages or injunctive relief or both, maintainable by the Board on behalf of the Association or by any Owner.

3.28 No Warranty of Enforceability. While Declarant has no reason to believe that any of the covenants, terms or provisions of this Declaration are or may be invalid or unenforceable for any reason or to any extent, Declarant makes no warranty or representation as to the present or future validity or enforceability of any such covenant, term or provision. Any Owner acquiring a Lot in reliance on one or more of such covenants, terms or provisions shall assume all risks of the validity and enforceability thereof, and by acquiring such Lot agrees to hold Declarant harmless therefrom.

No building shall be located on any Lot in Tract 1 nearer than ten feet (10') to any rear Lot line. No building shall be located on any Lot in Tract 1 nearer than fifteen feet (15') to any side Lot line adjacent to a street. No permitted accessory building shall be located nearer than five feet (5') to an interior Lot line or exceed eight feet (8') in height. For the purposes of this Declaration, eaves, steps and unroofed terraces shall not be considered as part of a building; provided, however, that this shall not be construed to permit any portion of the construction on a Lot in Tract 1 to encroach upon another Lot. Notwithstanding the general guidelines herein set forth as to location of improvements upon a Lot in Tract 1, it is the intention of Declarant to establish the importance of locating the improvements so as to preserve existing natural trees, vegetation and topography to the extent reasonable and practical. The Architectural Control

Committee shall be specifically empowered to require or to grant variances with respect to these guidelines, so long as the location of the improvements will not encroach upon any other Lot, utility easement, or public right-of-way or result in any building being located closer than ten feet (10') from the primary dwelling structure on another Lot.

4.2 Minimum Floor Area. The air conditioned portion of the primary dwelling structure erected on any Lot in Tract 1 shall have a floor area of not less than one thousand four hundred (1,400) square feet, such area to be exclusive of all porches, carports, garages and other rooms which are not air conditioned with the main living quarters.

4.3 Masonry Requirements. The exterior of each structure built upon any interior Lot in Tract 1 shall be of at least fifty percent (50%) masonry construction. The exterior of each structure built upon any corner Lot in Tract 1 shall be of at least seventy-five percent (75%) masonry construction. Brick, natural stone and stucco shall be considered to be masonry for purposes of this section. Combinations of materials and the proportion thereof shall aesthetically and architecturally blend with and enhance the Subdivision, and shall be subject to approval by the Architectural Control Committee.

4.4 Design. No structure may exceed two (2) stories in height. All dwelling structures must have a garage which is intended to shelter at least two (2) but no more than three (3) cars.

ARTICLE 5

5.1 Location of Improvements. No buildings or other improvements shall be located on any Lot in Tract 2 nearer to the front Lot line than twenty feet (20'). The front of a primary dwelling structure shall face the front of a similar structure across the street whenever feasible, and the Architectural Control Committee shall resolve any conflicts arising from this requirement and make the final determination with regard to the orientation of the front of improvements upon any Lot in Tract 2. No building shall be located on any Lot in Tract 2 nearer than five feet (5'), exclusive of drainage easements, to any rear Lot line. If there is a private access easement at the rear of a Lot, no building shall be located nearer than ten feet (10') to any rear Lot line. No building shall be located on any Lot in Tract 2 nearer than ten feet (10') to any side Lot line adjacent to a street. Unless the building is to be located on more than one Lot in Tract 2 (as hereinafter provided), no building shall be located nearer than five feet (5') to an interior Lot line; provided, however, that a building may be located nearer than five feet (5') to an interior Lot line if (a) the combined side yard setbacks on such Lot are not less than ten feet (10'), and (b) the minimum distance between buildings on adjoining Lots in Tract 2 is not less than ten feet (10'). No permitted accessory building shall be located nearer than five feet (5') to an interior Lot line or exceed eight feet (8') in height. For the purposes of this Declaration, eaves, steps and unroofed terraces shall not be considered as part of a building; provided, however, that this shall not be construed to permit any portion of the construction on a Lot to encroach upon another Lot. Notwithstanding the general guidelines herein set

forth as to location of Improvements upon a Lot in Tract 2, it is the intention of Declarant to establish the importance of locating the Improvements so as to preserve existing natural trees, vegetation and topography to the extent reasonable and practical. The Architectural Control Committee shall be specifically empowered to require or to grant variances with respect to these guidelines, so long as the location of the Improvements will not encroach upon any other Lot, utility easement, or public right-of-way or result in any building being located closer than ten feet (10') from the primary dwelling structure on another Lot.

5.2 No Openings on Zero Lot Line Walls. Any building located on a Lot in Tract 2 that is closer than five feet (5') to an interior Lot line shall be constructed and maintained as a solid opaque plane, containing neither window nor door openings nor any other type of openings.

5.3 Patio Cover in Side Yard. With the prior written approval of the Architectural Control Committee, a patio and patio cover may be constructed in any side yard of a Lot in Tract 2 which is larger than five feet (5') in width so long as the cover is constructed of similar materials and is of similar color as the primary dwelling structure, but in all events there shall be at least six feet (6') of unobstructed clearance between the patio cover and the roofline of any structure on the adjoining Lot.

5.4 Minimum Floor Area. The air conditioned portion of the primary dwelling structure erected on any Lot in Tract 2 shall have a ground floor area of not less than seven hundred (700) square feet, such area to be exclusive of all porches, carports, garages and other rooms which are not air conditioned with the main living quarters. If the primary dwelling structure is more than one (1) story, the combined area for the first and second floors shall not be less than one thousand two hundred (1,200) square feet.

5.5 Minimum Lot Area. The minimum area of any Lot in Tract 2, except a corner Lot, shall be thirty-six hundred (3,600) square feet. The minimum area of a corner Lot in Tract 2 shall be forty-five hundred (4,500) square feet.

5.6 Minimum Lot Width. The minimum width of any Lot in Tract 2, except a corner Lot, shall be forty feet (40'). The minimum width of a corner Lot in Tract 2 shall be fifty (50) feet. Lots fronting on a cul-de-sac may have a minimum chord width of thirty-three feet (33') at the arc formed by the street line, a minimum chord width of forty feet (40') at the front building setback line, and shall have a minimum width between side Lot lines of forty feet (40') at all points fifty feet (50') or more from the street line.

5.7 Maximum Lot Coverage. The maximum building coverage on any Lot in Tract 2 shall be forty-five percent (45%) of the Lot area. The maximum impervious coverage on any Lot in Tract 2 shall be fifty-five percent (55%) of the Lot area.

5.8 Masonry Requirements. The exterior of each structure built upon any interior Lot in Tract 2 shall be of at least fifty percent (50%) masonry construction. The exterior of each structure built upon any corner Lot in Tract 2 shall be of at least seventy-five percent (75%) masonry construction. Brick, natural stone and stucco shall be considered to be masonry for purposes of this section. Combinations of materials and the proportion thereof shall aesthetically and architecturally blend with and enhance the Subdivision, and shall be subject to approval by the Architectural Control Committee.

5.9 Design. No structure in Tract 2 may exceed thirty five feet (35') in height. Three (3) off-street parking spaces, at least one (1) of which is covered, shall be required for each dwelling structure on a Lot in Tract 2. In no event may a Lot in Tract 2 have a garage which is intended to shelter more than three (3) cars.

ARTICLE 6 USE RESTRICTIONS

6.1 General. The Property shall be improved and used solely for single-family residential use, including related or ancillary uses approved by Declarant, including Common Areas, utility easements, and recreational facilities. "Single-family" shall mean a group of persons related by blood, marriage or adoption and shall also include foster children and domestic servants. Notwithstanding the foregoing, any Owner who is a homebuilder within the Subdivision may construct a model home on any Lot owned by such Owner, and may conduct marketing, sales and interior design activities from such Lot(s) and Improvements thereon.

6.2 Common Area. No land within any Common Area shall be improved, used or occupied, except in such manner as shall have been approved by the Architectural Control Committee, in its sole and absolute discretion. Such required approval shall extend to the nature and type of use, occupancy and improvement.

ARTICLE 7 ASSOCIATION MATTERS

7.1 Organization. Declarant has caused the formation and incorporation of the Association. The Association is a nonprofit corporation created for the purposes, charged with the duties, and vested with the powers prescribed in its Articles and Bylaws, in this Declaration, and by applicable law. Neither the Articles nor the Bylaws shall for any reason be amended or otherwise changed or interpreted so as to be inconsistent with this Declaration.

7.2 Membership. Any Person upon becoming an Owner of a Lot automatically and concurrently shall become a Member of the Association. Declarant shall be a Member of the Association so long as Declarant owns any Lot. Membership shall be appurtenant to and shall run with the property interest which qualifies the Owner thereof for membership, and membership may not be severed from, or in any way transferred, pledged, mortgaged, or alienated except together with the title to such property interest.

7.3 Voting Rights. The right to cast votes and the number of votes which may be cast for election of the Board, and on all other matters to be voted on by the Members, shall be calculated as provided below. Owners entitled to votes pursuant to (a) below are hereinafter sometimes referred to as "Class A Members." Declarant, which is entitled to vote pursuant to (b) below, is hereinafter sometimes referred to as the "Class B Member."

- (a) The Owner (other than Declarant) of each Lot within the Property shall have one (1) vote for each Lot so owned.
- (b) Declarant shall have three (3) votes for each Lot owned by it until the earlier of (i) December 31, 2010, or (ii) the date when the total votes outstanding in the Class A membership equals the total votes outstanding in the Class B membership (i.e. the date that 75% of the Lots have been sold by Declarant). Thereafter, the Class B membership shall cease and be converted to Class

A membership, and Declarant shall have only one (1) vote for each Lot owned by it, if any. The total votes held by the Class A members and the total votes held by the Class B members shall be recalculated upon the recording of a Supplemental Declaration which results in any addition to or subtraction of lands from the Property. If at any point in time the total votes held by the Class A membership equals the total votes held by the Class B membership, the Class B membership shall cease and convert to Class A membership regardless of whether a future addition or subtraction of land would create a different result.

- (c) Any property interest entitling the Owner thereof to vote as herein provided held jointly or in common by more than one Owner shall require that such Owners thereof designate, in writing, a single Owner who shall be entitled to cast such vote and no other person shall be authorized to vote in behalf of such property interest. A copy of such written designation shall be filed with the Board before any such vote may be cast, and, upon the failure of the Owners thereof to file such designation, such vote shall neither be cast nor counted for any purpose whatsoever.

7.4 Duties of the Association. Subject to and in accordance with this Declaration, the Association acting through the Board shall have and perform each of the following duties:

- (a) accept, own, operate, and maintain all personal and real property conveyed to or leased by the Association ("Association Property"), together with all Improvements thereon and all appurtenances thereto;
- (b) own and maintain all Common Area and all Improvements thereon and all appurtenances thereto, all streets (including median areas) which have been constructed but not accepted by the appropriate governmental entity, and all entry signs and associated landscaping;
- (c) pay all real and personal property taxes and other taxes and assessments levied upon or with respect to the Association Property and the Common Area, to the extent that such taxes and assessments are not levied directly upon the Members; and the Association shall have all rights granted by law to contest the legality and the amount of such taxes and assessments;
- (d) obtain and maintain in effect policies of insurance which, in the opinion of the Board, are reasonably necessary or appropriate to carry out the functions of the Association;
- (e) make, establish, promulgate, and in its discretion amend or repeal and reenact, the Bylaws and such rules not in conflict with this Declaration as it deems proper, covering any and all aspects of its functions, including the use and occupancy of the Association Property and the Common Area;
- (f) keep books and records of the Association's affairs and make such books and records, together with a current copy of this Declaration, available for inspection by the Owners and the Mortgagees upon request during normal business hours; and

- (g) carry out and enforce all duties of the Association set forth in this Declaration and in the Restrictions.

7.5 Powers and Authority of the Association. The Association shall have the powers of a Texas nonprofit corporation, subject only to such limitations upon the exercise of such powers as are expressly set forth in this Declaration. It shall further have the power to do and perform any and all acts which may be necessary or proper for or incidental to the exercise of any of the express powers granted to it by the laws of Texas or by this Declaration. Without in any way limiting the generality of the two preceding sentences, the Association and the Board, acting on behalf of the Association, shall have the following power and authority at all times.

- (a) The Association shall have the power and authority to levy Assessments in accordance with and as provided in this Declaration.
- (b) The Association shall have the power and authority to enter at any time in an emergency (or in a non-emergency after twenty-four (24) hours written notice to the Owner of the affected Property), without being liable to any Owner, upon any Lot or any Common Area for the purpose of enforcing this Declaration or for the purpose of maintaining or repairing any Lot, Common Area, Improvement, or other facility so as to conform to this Declaration. Notwithstanding any provision herein to the contrary, the Association may not alter or demolish any items of construction in enforcing this Declaration before judicial proceedings are instituted by the Association. The expense incurred by the Association in connection with the entry upon any Lot and the maintenance and repair work conducted thereon shall be a personal obligation of the Owner of the affected Lot, shall be a lien upon such Lot and the Improvements thereon, and shall be enforced in the same manner and to the same extent as provided herein for regular and special Assessments.
- (c) The Association shall have the power and authority from time to time, in its own name and on its own behalf, or in the name of and on behalf of an Owner who consents thereto, to commence and maintain actions and suits to enforce, by mandatory injunction or otherwise, or to restrain and enjoin any breach or threatened breach of, this Declaration. The Association is also authorized to settle claims, enforce liens, and take all such action as it may deem necessary or expedient to enforce this Declaration; provided, however, that the Board shall never be authorized to expend any Association funds for the purpose of bringing suit against Declarant, its successors or assigns.
- (d) The Association shall have the power and authority to grant and convey to any person or entity any Association Property and/or any Common Area and/or any interest therein, including fee title, leasehold estates, easements, rights-of-way, or Mortgages, out of, in, on, over, or under any of same for the purpose of constructing, erecting, operating, or maintaining thereon, therein, or thereunder:
- (i) roads, streets, walks, driveways, parking lots, trails, and paths;

- (ii) lines, cables, wires, conduits, pipelines, or other devices for utility purposes;
- (iii) sewers, water systems, storm water drainage systems, sprinkler systems, and pipelines; or
- (iv) any similar Improvements or facilities.

Nothing in this subparagraph (d) shall be construed to permit the use or occupancy of any Improvement or other facility in any way which would violate other provisions of this Declaration.

- (e) The Association shall have the power and authority to retain and pay for the services of a manager to manage and operate the Association, including the Association Property and/or the Common Area, to the extent deemed advisable by the Board. Additional personnel may be employed directly by the Association or may be furnished by the manager. To the extent permitted by law, the Association and the Board may delegate any duties, powers, and functions to the manager. The Members of the Association hereby release the Association and the members of the Board from liability for any omission or improper exercise by the manager of any such duty, power, or function so delegated.
- (f) The Association shall have the power and authority:
 - (i) to retain and pay for legal and accounting services necessary or proper in the operation of the Association;
 - (ii) to pay for water, sewer, garbage removal, landscaping, gardening, and all other utilities or services to and all maintenance of the Association Property and the Common Area, in accordance with this Declaration and the Restrictions;
 - (iii) to obtain and pay for any other property and services and to pay any other taxes or assessments which the Association or the Board is required to secure or to pay for pursuant to applicable law or this Declaration;
 - (iv) to construct new Improvements or additions to the Association Property or the Common Area, subject to the approval of the Architectural Control Committee;
 - (v) to enter into contracts with Declarant and with any other Person on such terms and provisions as the Board shall determine, and to acquire, own, and dispose of all manner of real and personal property, whether by grant, lease, gift, or otherwise; and
 - (vi) to borrow money and to mortgage, pledge or hypothecate any or all of the Association Property as security for money borrowed or debts incurred subject to the limitation set forth in this Declaration.

7.6 Indemnity. The Association shall indemnify any Person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding,

whether civil, criminal, administrative or investigative, by reason of the fact that such Person is or was a director, officer, committee member, employee, servant or agent of the Association or the Board, against all claims and expenses including attorney's fees reasonably incurred by such Person in connection with such action, suit or proceeding, if it is found and determined by the Board or a Court that such Person (i) acted in good faith and in a manner such Person reasonably believed to be in, or not opposed to, the best interests of the Association, or (ii) with respect to any criminal action or proceeding, had no reasonable cause to believe such Person's conduct was unlawful. The termination of any action, suit or proceeding by settlement, or upon a plea of *nolo contendere* or its equivalent, shall not of itself create a presumption that such Person did not act in good faith or in a manner which such Person reasonably believed to be in, or not opposed to, the best interests of the Association, or, with respect to any criminal action or proceeding, had reasonable cause to believe that such Person's conduct was unlawful. The Board may purchase and maintain insurance on behalf of any Person who is or was a director, officer, committee member, employee, servant or agent of the Association or the Board, against any liability asserted against such Person or incurred by such Person in any such capacity, or arising out of such Person's status as such, whether or not the Association would have the power to indemnify him against such liability hereunder or otherwise.

ARTICLE 8 ARCHITECTURAL CONTROL COMMITTEE

8.1 Membership. The Architectural Control Committee shall consist of not more than three (3) voting members ("Voting Members") and such additional nonvoting members serving in an advisory capacity ("Advisory Members") as Declarant deems appropriate.

8.2 Declarant's Rights of Appointment. Until the earlier of (i) December 31, 2010, or (ii) the date when the total votes outstanding in the Class A membership equals the total votes outstanding in the Class B membership (i.e. the date that 75% of the Lots have been sold by Declarant), Declarant shall have the right to appoint and remove all members of the Architectural Control Committee. Declarant may delegate in whole or in part its right to appoint and remove members of the Architectural Control Committee to the Board by written instrument.

8.3 Action by Architectural Control Committee. Items presented to the Architectural Control Committee shall be decided by a majority vote of the Voting Members. The Architectural Control Committee may appoint an agent to act on behalf of the Architectural Control Committee, and the Architectural Control Committee may delegate any duties, powers and/or functions to the agent. Any such appointment and delegation shall be in writing.

8.4 Term. Each Voting Member shall hold office until such time as he or she has resigned or has been removed or his or her successor has been appointed, as provided herein. Each Advisory Member shall hold office at the discretion of and may be removed at any time by Declarant.

8.5 Adoption of Rules. The Architectural Control Committee may adopt such procedural and substantive rules, standards, policies and development guidelines, not in conflict with this Declaration, as it may deem necessary or proper for the performance of its duties and the orderly development of the Property, including but not limited to a building code, a fire code, a housing code, architectural guidelines, landscaping guidelines, and

other similar codes or guidelines as it may deem necessary and desirable. Such rules, standards, policies, procedures and development guidelines shall be binding and enforceable against each Owner in the same manner as any other restriction set forth herein. Nothing contained herein shall be deemed to affect any approval granted by the Architectural Control Committee in accordance with the terms of this Declaration prior to the amendment of such rules, standards, policies, procedures or development guidelines.

8.6 Review of Proposed Construction. The Architectural Control Committee shall have the right whenever its approval is required under this Declaration to consider all of the Plans and Specifications for the Improvement or proposal in question and all other facts and information which in its sole discretion are relevant. Except as otherwise specifically provided herein, prior to the commencement of any construction of any Improvement on the Property or any portion thereof, the Plans and Specifications therefor shall be submitted to the Architectural Control Committee, and construction thereof may not commence unless and until the Architectural Control Committee has approved such Plans and Specifications in writing. Upon written request, the Architectural Control Committee may waive the requirement of such plans for any Lot if the builder uses plans previously approved by the Architectural Control Committee for another Lot. There shall be no revisions made to the approved plans without resubmittal to and approval by the Architectural Control Committee of the revised plans. The Architectural Control Committee shall consider and act upon any and all Plans and Specifications submitted for its approval pursuant to this Declaration, and perform such other duties assigned to it by this Declaration or from time to time assigned to it by the Board, including the inspection of construction in progress to assure its conformance with Plans and Specifications approved by the Architectural Control Committee. The Architectural Control Committee may postpone review of any Plans and Specifications submitted for approval pending its receipt of any information or document deemed necessary by it. The Architectural Control Committee shall have the authority to disapprove any proposed Improvement based upon this Declaration, and the decision of the Architectural Control Committee shall be final and binding so long as it is made in good faith. The Architectural Control Committee shall not be responsible for reviewing any proposed Improvement, nor shall its approval of any Plans or Specifications be deemed approval thereof, from the standpoint of structural safety, engineering soundness, or conformance with building or other codes.

8.7 Variance. The Architectural Control Committee may grant variances from compliance with any of the provisions of this Declaration when, in its opinion and in its sole and absolute discretion, such variance will not impair or detract from the high quality development of the Property and/or is justified due to aesthetic considerations or unusual circumstances. All variances must be evidenced by a written instrument in recordable form, and must be signed by a majority of the Voting Members. The granting of such variance shall not operate to waive or amend any of the terms and provisions of the Restrictions applicable to the Lots for any purpose except as to the particular property and the particular matter covered by the variance, and such variance shall not be considered to establish a precedent or future waiver, modification or amendment of the terms and provisions hereof.

8.8 Actions of the Architectural Control Committee. The Architectural Control Committee may, by resolution unanimously adopted in writing, designate any of its members or an agent acting on its behalf to take any action or perform any duties for and on behalf of the Architectural Control Committee. In the absence of

such designation, the vote of a majority of all Voting Members, which may be taken without a meeting, shall constitute an act of the Architectural Control Committee.

8.9 No Waiver of Future Approvals. The approval or consent of the Architectural Control Committee to any Plans and Specifications shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any Plans and Specifications or other matter whatever subsequently or additionally submitted for approval or consent by the same or a different Person.

8.10 Work in Progress. At its option, the Architectural Control Committee may inspect any work in progress to insure compliance with approved Plans and Specifications.

8.11 Nonliability of Architectural Control Committee Members. Neither the Architectural Control Committee nor any member thereof, nor the Board nor any member thereof, shall be liable to the Association or to any Owner or to any other Person for any loss, damage or injury arising out of or in any way connected with the performance of the Architectural Control Committee's or the Board's respective duties under this Declaration, unless due to the willful misconduct or bad faith of such Person. Neither the Architectural Control Committee nor any member thereof shall be liable to any Owner due to the construction of any Improvement within the Property.

8.12 Address. Plans and Specifications shall be submitted to the Architectural Control Committee at 600 Congress (c/o The Blake Magee Company), Suite 2153, Austin, Texas 78701, or such other address as may be designated by Declarant (or the Board if Declarant has delegated such designation right to the Board) from time to time.

ARTICLE 9 FUNDS AND ASSESSMENTS

9.1 Assessments. Assessments established pursuant to this Declaration shall be levied on a uniform basis against each Lot within the Property for the purpose of promoting the recreation, health, safety, and welfare of the residents within the Property and for the improvement and maintenance of the Common Area. Assessments shall be levied against each Lot beginning on the day the street improvements along the front Lot line of each Lot have been paved, with the first annual Assessment applicable to a Lot being prorated from the date such street improvements are paved.

9.2 Operating Fund. The Board shall establish an operating fund into which shall be deposited all monies paid to the Association and from which disbursements shall be made in performing the functions of the Association under this Declaration. The funds of the Association shall be used solely for purposes authorized by this Declaration.

9.3 Regular Annual Assessments. Until January 1, 1996, without the assent of two-thirds (2/3rds) of the votes of each class of Members who are eligible to vote at a meeting duly called to vote on such matter with at least sixty percent (60%) of Members who are eligible to vote represented in person or by proxy, the annual Assessment per Lot shall not exceed Three Hundred and No/100 Dollars (\$300.00). For the 1995 fiscal year, the Board shall establish a budget for the Association, and as of January 1, 1995, may levy assessments based on that budget against all Lots. For fiscal year 1996, and every year thereafter, the Board shall estimate the net expenses of the Association for such fiscal year,

which shall be (i) the expenses to be incurred by the Association during such year in performing its functions under the Restrictions, including but not limited to the cost of all duties required and activities authorized herein of the Association, the Board, and the Architectural Control Committee, and a reasonable provision for contingencies and appropriate replacement reserves, less (ii) any expected income and any surplus from the prior year's operating fund. Assessments sufficient to pay such estimated net expenses shall then be levied as provided herein, and the Assessments so levied by the Board shall be final and binding so long as it is made in good faith. In no event, however, may the Board increase an annual Assessment by more than five percent (5%) over the previous year's annual Assessment without the assent of two-thirds (2/3rds) of the votes for each class of Members who are eligible to vote at a meeting duly called to vote on such matter with at least sixty percent (60%) of Members who are eligible to vote represented in person or by proxy. Each Owner shall be given written notice of the amount of such annual Assessment at least thirty (30) days prior to the date such annual Assessment is due and payable. All such regular annual Assessments shall be due and payable to the Association, at the discretion of the Board, either in one (1) payment at the beginning of the fiscal year or in twelve (12) monthly payments equal to 1/12th of the total annual Assessment, or at such time and in such other manner as the Board may from time to time designate.

9.4 Reduction of Annual Assessment. Notwithstanding the provisions of the foregoing subsection, Declarant shall only be required to pay thirty-three percent (33%) of the amount of the annual Assessment levied against the Lots. Nothing in this subsection shall be construed to relieve an Owner other than Declarant from payment of full annual Assessments for every year after a Lot is conveyed by Declarant.

9.5 Special Assessments. In addition to the regular annual Assessments provided herein, the Board may levy special Assessments whenever in the Board's opinion such special Assessments are necessary to enable the Board to carry out the functions of the Association under the Restrictions. The amount of any special Assessments shall be at the reasonable discretion of the Board. In no event shall the total special Assessment per Lot during the fiscal year 1995 exceed the sum of \$60.00 during any one year without the assent of two-thirds (2/3rds) of the votes of each class of Members who are eligible to vote at a meeting duly called to vote on such matter, with at least sixty percent (60%) of Members who are eligible to vote represented in person or by proxy. Thereafter, the Board may not levy a special Assessment which represents more than a five percent (5%) increase over any previously levied special Assessment without the assent of two-thirds (2/3rds) of the votes for each class of Members who are eligible to vote at a meeting duly called to vote on such matter with at least sixty percent (60%) of Members who are eligible to vote represented in person or by proxy. Each Owner shall be given written notice of the amount of any special Assessment at least thirty (30) days prior to the date such special Assessment is due and payable. All such special Assessments shall be due and payable to the Association at such time and in such other manner as the Board may designate, in its sole and absolute discretion. After 1995, the Association may levy in any fiscal year a special Assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair, or replacement of a capital Improvement upon the Common Area, provided that any such special Assessment shall have the assent of two-thirds (2/3rds) of the votes for each class of Members who are eligible to vote at a meeting duly called to vote on such matter with at least sixty percent (60%) of Members who are eligible to vote represented in person or by proxy.

9.6 Owner's Personal Obligation for Payment of Assessments. The regular and special Assessments provided for herein shall be the personal and individual debt of the Owner as of the date of levy of the Lot subject to each such Assessment, and no Owner shall be exempt from liability for such Assessments. In the event of default in the payment of any such Assessment, the Owner of the Lot subject thereto shall be obligated to pay interest at the highest rate allowed by applicable laws then in effect on the amount of the Assessment from the due date thereof (or if there is no such highest rate, then at the rate of 2% per month), together with all costs and expenses of collection including reasonable attorneys' fees. The Board shall have the right to charge a one-time late fee for delinquent payment of Assessments in such amount as the Board may from time to time deem appropriate.

9.7 Exempt Property. All portions of the Property dedicated to, and accepted by, a local public authority and all portions of the Property owned by a charitable or nonprofit organization exempt from taxation by the laws of the State of Texas shall be exempt from the Assessments created herein. Notwithstanding the foregoing, no land or Improvements devoted to dwelling use shall be exempt from said Assessments.

9.8 Assessment Lien and Foreclosure. All regular and special Assessments provided for herein which are not paid when due, together with interest and collection costs and expenses as herein provided, shall be secured by a continuing lien and charge in favor of the Association on the Lot subject to such Assessment and any Improvements thereon, which shall bind such Lot and Improvements and the Owner thereof and such Owner's heirs, devisees, personal representatives, successors or assigns. The obligation to pay Assessments hereunder is part of the purchase price of each Lot when sold to an Owner, and an express vendor's lien is hereby retained to secure the payment thereof and is hereby transferred and assigned to the Association. Additionally, a lien with a power of sale is hereby granted and conveyed to the Association to secure the payment of such Assessments. Such liens shall be superior to all other liens and charges against such Lot, except only for tax liens and the lien of any first Mortgage of record and securing sums borrowed for the acquisition or improvement of such Lot. The Board in its sole discretion may subordinate its Assessment liens to any other lien, and any such subordination shall be signed by an officer of the Association. To evidence any Assessment liens hereunder, the Association may prepare a written Notice of Assessment Lien setting forth the amount of the unpaid Assessments, the name of the Owner of the Lot subject to such Assessments and a description of such Lot, which shall be signed by an officer of the Association and may be recorded in the Office of the County Clerk of Williamson County, Texas. Any Assessment lien hereunder shall attach with the priority set forth herein from the date payment is due. Upon the written request of any Mortgagee, the Association shall report to such Mortgagee any Assessments then unpaid with respect to any Lot on which such Mortgagee holds a Mortgage.

Each Owner, by acceptance of a deed to his Lot, hereby expressly recognizes the existence of such lien as being prior to his ownership of such Lot and hereby vests in the Board the right and power to bring all actions against such Owner or Owners personally for the collection of such unpaid Assessments and other sums due hereunder as a debt, and to enforce the aforesaid lien by all methods available for the enforcement of such liens, both judicially and by non-judicial foreclosure pursuant to Texas Property Code § 51.002 (as same may be amended or revised from time to time hereafter) and in addition to and in connection therewith, by acceptance of the deed to his Lot, expressly GRANTS, BARGAINS, SELLS AND CONVEYS to the President of the Association from time to

time serving, as trustee (and to any substitute or successor trustee as hereinafter provided for) such Owner's Lot, and all rights appurtenant thereto, in trust, for the purpose of securing the aforesaid Assessment, and other sums due hereunder remaining unpaid hereunder by such Owner from time to time. The trustee herein designated may be changed any time and from time to time by execution of an instrument in writing signed by the President or Vice President of the Association and attested to by the Secretary of the Association and filed in the Office of the County Clerk of Williamson County, Texas. In the event of the election by the Board to foreclose the liens herein provided for nonpayment of sums secured to be paid by such lien, then it shall be the duty of the trustee, or his successor, as hereinabove provided, at the request of the Board (which request shall be presumed) to enforce this trust and to sell such Lot, and all rights appurtenant thereto, at the door of the County Courthouse of Williamson County, Texas, on the first Tuesday in any month between the hours of 10:00 a.m. and 4:00 p.m. to the highest bidder for cash at public vendue after the trustee and the Board, respectively, shall have given notice of the proposed sale in the manner hereinafter set forth and to make due conveyance to purchaser or purchasers, with general warranty of title to such purchaser or purchasers binding upon the Owner or Owners of such Lot and his heirs, executors, administrators and successors. The trustee shall give notice of such proposed sale by posting a written notice of time, place and terms of the sale for at least twenty-one (21) consecutive days preceding the date of sale at the Courthouse door of Williamson County, Texas, and, in addition, the Board shall serve written notice at least twenty-one (21) days preceding the date of sale or the proposed sale by certified mail on each of such Owner or Owners according to the records of the Association. Service of such notice shall be completed upon deposit of the notice, enclosed in a postpaid wrapper, properly addressed to such Owner or Owners at the most recent address as shown by the records of the Association, in a post office or official depository under the care and custody of the United States Postal Service. The affidavit of any person having knowledge of the facts to the effect that such service was completed shall be prima facie evidence of the fact of such service.

At any foreclosure, judicial or non-judicial, the Association shall be entitled to bid up to the amount of the sum secured by its lien, together with costs and attorneys' fees, and to apply as a cash credit against its bid all sums due to the Association covered by the lien foreclosed. From and after any such foreclosure, the occupants of such Lot shall be required to pay a reasonable rent for the use of such Lot and such occupancy shall constitute a tenancy-at-sufferance; and the purchaser at such foreclosure shall be entitled to the appointment of a receiver to collect such rents and, further, shall be entitled to sue for recovery of possession of such Lot by forcible detainer without further notice.

ARTICLE 10
EASEMENTS

10.1 Reserved Easements. All dedications, limitations, restrictions and reservations shown on any Plat and all grants and dedications of easements, rights-of-way, restrictions, and related rights made by Declarant prior to the Property becoming subject to this Declaration, are incorporated herein by reference and made a part of this Declaration for all purposes as if fully set forth herein, and shall be construed as being adopted in each and every contract, deed or conveyance executed or to be executed by or on behalf of Declarant conveying any part of the Property. Declarant further reserves the right to make changes in and additions to any such easements and rights-of-way as Declarant deems necessary to efficiently and economically develop the Property. Declarant further reserves the right, without the necessity of the joinder of any Owner or other Person and at any time or from time to time, to grant, dedicate, reserve or otherwise create rights-of-way and easements in favor of any person or entity for public utility purposes (including, without limitation, gas, water, electricity, telephone, television, and drainage) along any Lot line, provided that same shall have a maximum width of ten feet (10') on each side of such Lot line.

10.2 Public Utility Easement Dedication. Declarant hereby dedicates to the public use forever the utility easements shown on the Plats ("Utility Easements"), which shall be available to all public utilities for public utility use. The maintenance of any sidewalk, paving or other permitted improvement on the Utility Easements is the responsibility of the Owner. No buildings, decks, pools, or spas shall be constructed, reconstructed, or placed upon, over, or across the Utility Easements except with the consent of the Architectural Control Committee and of each utility company using such Utility Easement. Any public utility using the Utility Easements shall have the right to remove all or parts of any such improvements and to trim overhanging trees which in any way endanger or substantially interfere with the construction, maintenance, or efficiency of or access to its use of the Utility Easements; shall at all times have the full right of ingress and egress to or from and upon said Utility Easements for the purpose of constructing, reconstructing, inspecting, patrolling, maintaining, and adding to or removing all or parts of its utility system situated therein without the necessity at any time of procuring the permission of any Owner; and shall have the right of ingress and egress to the Lots for the purpose of reading meters and any maintenance and service required or ordinarily performed by such public utility with respect to its utility system. In the event any public utility removes or damages any fence, tree, ground cover or other landscaping, paving, driveways, or curbs within the Utility Easements, then such public utility shall repair or replace such item so removed or damaged.

10.3 Drainage Easements. Each Owner covenants to provide easements for drainage and water flow as required by the land contours and the arrangement of improvements approved by the Architectural Control Committee. Each Owner further covenants not to disturb or displace any trees or other vegetation within any drainage easement shown on the Plats and/or created in this Declaration. There shall be no construction of any temporary or permanent improvements in any drainage easement, except as approved in writing by the Architectural Control Committee.

10.4 Surface Area. The surface of easement areas for underground utility services may be used for landscaping and other improvements as and to the extent permitted under this Declaration. However, Declarant shall not be liable to any Owner or to the Association for any damage done by Declarant or Declarant's agents,

employees, servants or assigns, to any such items as a result of any activity relating to the construction, maintenance, operation or repair of any facility in any such easement area.

10.5 Maintenance Easement. If a structure on a Lot in Tract 2 is constructed five feet (5') or nearer to a Lot line, a maintenance easement on the Lot adjacent to such side yard is hereby granted to facilitate the customary maintenance of the structures and fixtures, including site drainage, located on each Lot with a five foot (5') or smaller side yard.

ARTICLE 11
COMMON PROPERTIES

11.1 Easements of Enjoyment. Subject to the provisions of Section 11.3 hereof, every Member shall have the right and easement of enjoyment in and to the Common Area, which right and easement is appurtenant to the Lots. If ingress and egress to any Lot is through the Common Area, the Owner of such Lot shall have an easement of access across and upon the Common Area to his Lot, and any conveyance of the Common Area shall be subject to such access easement.

11.2 Title to Common Properties; Insurance. Before the sale of the first Lot, Declarant shall convey the Common Area to the Association, free and clear of all encumbrances, and the Association shall thereafter be responsible for the operation and maintenance of the Common Area. Any mortgage, pledge, or other conveyance of Common Area shall require assent of two-thirds (2/3rds) of the votes for each class of Members who are eligible to vote in person or by proxy at a meeting duly called to vote on such matter. The Board or its duly authorized agent shall have the authority to and shall obtain insurance for all insurable improvements on the Common Area against loss or damage by fire or other hazards, including extended coverage, vandalism, and malicious mischief. This insurance shall be in an amount sufficient to cover the full replacement cost of any repair or reconstruction of the insurable improvement on the Common Area in the event of damage or destruction from any such hazard. The Board shall also obtain a public liability policy covering the Common Area, the Association, and its Members for all damage or injury caused by the negligence of the Association or any of its Members or agents, and may, at the discretion of the Board, obtain directors' and officers' liability insurance. The public liability policy shall have at least a Five Hundred Thousand Dollar (\$500,000.00) per person limit, as respects bodily injury, a One Million Dollar (\$1,000,000.00) limit per occurrence, and a Two Hundred Fifty Thousand Dollar (\$250,000.00) minimum property damage limit. Premiums for all insurance on the Common Area shall be at the expense of the Association. The policy may contain a reasonable deductible, and the amount thereof shall be added to the face amount of the policy in determining whether the insurance at least equals the full replacement cost.

11.3 Extent of Easements. The rights and easements of enjoyment created hereby shall be subject to the following:

- (a) The right of the Association to prescribe rules and regulations for the use, enjoyment, and maintenance of the Common Area;
- (b) The right of the Association to sell and convey the Common Area, or any part thereof, provided such sale or conveyance is approved by two-thirds (2/3rds) of the votes for each class of Members who are eligible to vote in person or by proxy at a meeting duly called to vote

on such matter, written notice of which shall be given to all members at least thirty (30) days in advance and shall set forth the purpose of the meeting;

- (c) The right of the Association to borrow money for the purpose of improving the Common Area, or any part thereof, and to mortgage, pledge or hypothecate any or all of its real or personal property as security for money borrowed or debts incurred;
- (d) The right of the Association to take such steps as are reasonably necessary to protect the Common Area, or any part thereof, against foreclosure;
- (e) The right of the Association to suspend the easements of enjoyment of any member of the Association during which time any Assessment levied under Article 7 hereof remains unpaid, and for any period not to exceed sixty (60) days for any infraction of its published rules and regulations.

Such right of enforcement shall include both damages for, and injunctive relief against, the breach of any such provision. The failure to enforce any such provision at any time shall not constitute a waiver of the right thereafter to enforce any such provision or any other such provision.

12.8 General.

Re: Edwards Aquifer, Williamson County,
NAME OF PROJECT: Stone Canyon, Section Four; Brightwater Blvd.; Austin ETJ, Texas.
TYPE OF PLAN: Request for Approval of Water Pollution Abatement Plan (WPAP); 30 Texas
Administrative Code (TAC) §313.4; Edwards Aquifer Protection Program.

Dear Mr. Magee:

The Texas Natural Resource Conservation Commission (TNRCC) has completed its review of the WPAP application for the referenced project that was submitted by Grayfanning & Associates, Inc. to the Austin Region Office on June 24, 1996.

PROJECT DESCRIPTION

The proposed residential project will consist of 142 single-family residential lots on 37.8 acres. The proposed impervious cover for the development is approximately 37.13%.

The normal population of the development is estimated to be 497 persons. 49,700 gallons per day of domestic wastewater is to be generated by this project, 100% domestic. Project wastewater will be disposed of by conveyance to the existing Round Rock Sewage Treatment Plant.

GEOLOGY

According to the geologic assessment included with the submittal, along with the site inspection conducted by James Bice, P. E., no significant recharge features were identified.

APPROVAL

The plan for this project has been reviewed for compliance with 30 TAC §313.4 which sets forth pollution abatement criteria for any development on the recharge zone of the Edwards Aquifer. The proposed water pollution abatement plan is in general agreement with 30 TAC §313.4; therefore, approval of the plan is hereby granted subject to the specific conditions listed below.

Failure to comply with any of the following conditions, the deed recordation requirement, or any other specific conditions of approval is a violation of these rules.

Pursuant to §25.136 of the Texas Water Code, any violations of the Edwards Aquifer Rules may result in administrative penalties of up to \$10,000 for each act of violation and for each day of violation.

STANDARD CONDITIONS OF APPROVAL

1. The owner/developer shall, within 30 days of receiving this written notice of approval and prior to commencing construction, record in the county deed records that this property is subject to the approved WPAP and submit to the appropriate region office proof of the deed recordation. Recordation is a suggested format you may use to deed record the approved WPAP.
2. The applicant/agent shall submit to the Austin Region Office copies of any changes made to the plans and specifications for this project which have been required by the TNRCC review and/or all other permitting authorities.
3. Any amendment to these activities required by some other regulating authority or desired by the applicant may require the submittal of a WPAP application to amend this approval.
4. All contractors conducting regulated activities associated with this proposed regulated project shall be provided with copies of this approval letter and the entire contents of the submitted WPAP so as to convey to the contractors the specific conditions of this approval. During the course of these regulated activities, the contractors shall be required to keep on-site copies of the WPAP and this approval letter.
5. The temporary erosion and sedimentation (E&S) controls for the entire project shall be installed prior to beginning any other construction work on this project. During residential construction on the individual lots in this development, temporary E&S controls shall be installed. The E&S controls shall be inspected periodically during construction and following any significant rainfall occurrences. Necessary repairs to the E&S controls shall be made as soon as possible.
6. The TNRCC may monitor storm water discharges from the site to evaluate the adequacy of the temporary erosion and sedimentation control measures. Additional protection may be necessary if excessive solids are being discharged from the site.
7. Also, 30 TAC §313.4(d)(2) requires that if any significant recharge features, such as solution openings or sinkholes, are discovered during construction, all regulated activities near the significant recharge feature must be suspended immediately and may not be resumed until the Executive Director has reviewed and approved the methods proposed to protect the aquifer from any potential adverse impacts. Upon discovery of the significant recharge features, the developer shall immediately notify the Austin Region Office.
8. Upon completion of the project, the applicant shall reseed or sod all areas disturbed during construction.
9. Construction which is initiated and abandoned, or not completed, shall be returned to a permanent condition such that groundwater in the Edwards Aquifer is protected from potential contamination.

Additionally, the applicant shall remain responsible for the provisions and special conditions of this approval until such responsibility is legally transferred to another person or entity, upon which that person or entity shall assume responsibility for all provisions and specific conditions of this approval.

11. In addition, 30 TAC §313.4(g) states that this approval expires two years from this date unless, prior to the expiration date, construction has commenced on the regulated project.
12. Approval of the design of the sewage collection system for this proposed subdivision shall be obtained from the Texas Natural Resource Conservation Commission prior to the commencement of construction of any sewage collection system, the design of which shall be in accordance with 30 TAC §313.5 and 30 TAC §317.

SECOND AMENDMENT TO STONE CANYON
DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS

THE STATE OF TEXAS \$
 \$
COUNTY OF WILLIAMSON \$

This Second Amendment to Stone Canyon Declaration of Covenants, Conditions and Restrictions (this "Amendment") is made to be effective as of the date of recordation in the Official Records of Williamson County, Texas, with respect to the following facts:

A. The Stone Canyon Declaration of Covenants, Conditions and Restrictions was recorded on May 18, 1995, in Volume 2725, Page 681, Official Records of Williamson County, Texas (the "Declaration"). The Declaration has been amended by First Amendment to Stone Canyon Declaration of Covenants, Conditions and Restrictions, recorded on September 28, 1995 in the Official Records of Williamson County, Texas as Document No. 9543392 (the "First Amendment").

B. RSRF Fern Bluff Company, L.L.C., a Texas limited liability company ("Declarant"), is the "Declarant" under the Declaration.

C. The Declaration currently affects two separate tracts of land, which are described in the Declaration as "Tract 1" and "Tract 3". Tract 1 now has been subdivided as STONE CANYON SECTION ONE, a subdivision in Williamson County, Texas, according to the map or plat thereof recorded in Cabinet M, Slides 179-185, Plat Records of Williamson County, Texas. Tract 2 is subdivided as FERN BLUFF SECTION THREE-A, A SMALL LOT SUBDIVISION, a subdivision in Williamson County, Texas, according to the map or plat thereof recorded in Cabinet J, Slide 70, Plat Records of Williamson County, Texas. These subdivisions have different characteristics and are addressed separately in the Declaration.

D. Article 12, Section 12.2(a) of the Declaration provides that the Declaration may be amended by an affirmative vote of ninety percent (90%) of a quorum of Members of the Association present in person or by proxy at a meeting duly called to vote on such matter. On December 23, 1995, a meeting of the Members was held at 10:00 a.m. at the offices of Graves, Dougherty, Hearon & Moody, 515 Congress Avenue, Suite 2200, as more particularly reflected in the minutes of the Association. Members holding the requisite percentage of votes at this meeting voted to amend the Declaration to provide that as to Tract 1, the Declaration could be amended by an affirmative vote of ninety percent (90%) of a quorum of those Members of the Association who owned lots within Tract 1 present in person or by proxy at a meeting duly called to vote on such matter, and as to Tract 2, the Declaration could be amended by an affirmative vote of ninety percent (90%) of a quorum of those Members of the Association who owned lots within Tract 2 present in person or by proxy at a meeting duly called to vote on such matter (so that Members owning lots within Tract 1 would not vote on amendments affecting Tract 2 and that Members owning lots within Tract 2 would not vote on amendments affecting Tract 1).

E. The VA has approved this Amendment by letter dated January 10, 1996, a copy of which is has been placed in the records of the Association.

OFFICIAL RECORDS
WILLIAMSON COUNTY, TEXAS

NOW, THEREFORE, the Declaration is amended as follows:

1. Amendment of Section 12.2 of the Declaration. Article 12, Section 12.2 of the Declaration is hereby amended in its entirety to read as follows:

Amendment. This Declaration may be amended as follows.

- a. This Declaration may be amended by an affirmative vote of ninety percent (90%) of a quorum of Members present in person or by proxy at a meeting duly called to vote on such matter until the earlier of (i) December 31, 2010, or (ii) the date on which the total votes outstanding in the Class A membership equals the total votes outstanding in the Class B membership (i.e. the date that 75% of the Lots have been sold by Declarant). Prior to December 31, 2010, Declarant may amend this Declaration at any time to correct typographical and grammatical errors. Any amendment under this subparagraph (a) shall be effective upon recording in the Williamson County Official Records of an instrument executed and acknowledged by Declarant setting forth the amendment and reciting that any requisite action to approve an amendment has occurred.
- b. After the earlier of (i) December 31, 2010, or (ii) the date on which when the total votes outstanding in the Class A membership equals the total votes outstanding in the Class B membership (i.e. the date that 75% of the Lots have been sold by Declarant), and in addition to any amendment pursuant to subparagraph (a), this Declaration may be amended by the recording in the Williamson County Official Records of an instrument executed and acknowledged by the President and Secretary of the Association, setting forth the amendment and certifying that such amendment has been approved by at least three-fourths (3/4ths) of a quorum of Members present in person or by proxy at a meeting duly called to vote on such matter.
- c. B. RSRF FERN BLUFF, L.P., a California limited partnership (herein "Declarant") is the "Declarant" under the Declaration.

C. The Declaration, as amended by the First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth and Eleventh Amendments, is hereinafter referred to as the "Declaration."

D. Article 12, Section 12.2(a) of the Declaration provides that the Declaration may be amended by an affirmative vote of ninety percent (90%) of a quorum of Members of the Association present in person or by proxy at a meeting duly called to vote on such matter. On April 22, 1999, a meeting of the Members was held at 6:30 p.m. at the Fern Bluff Elementary School Cafeteria, 17815 Park Valley Drive, Round Rock, Texas 78681 as more particularly reflected in the minutes of the Association. Members holding the requisite percentage of votes at this meeting voted to amend the Declaration to revise Section 3.15 (Unightly Article; Vehicles) so that Section 3.15 of the Declaration, in its entirety shall now read as follows:

"3.15 (Unightly Articles; Vehicles). No article of personal property deemed to be unsightly by the Architectural Control Committee shall be permitted to remain on any Lot so as to be visible from adjoining property or public or private thoroughfares. Without limiting the generality of the foregoing, trailers, graders, trucks other than pickups, boats, tractors, campers, wagons, buses, motorcycles, motor scooters, sports equipment (such as volleyball nets, or soccer goals) and garden maintenance equipment shall at all times, except when in actual use, be kept in enclosed structures or screened from view, and no repair or maintenance work shall be done on any of the foregoing or on any automobile (other than minor emergency repairs) except in enclosed garages or other structures. Permanent basketball goals will be allowed provided they have prior written approval of the Architectural Control Committee and the metal pole is permanently installed in the ground at least twenty-five (25) feet back from the curb. The basketball goal must be properly maintained and painted, with the net and backboard maintained in good repair at all time. Portable basketball goals will not be allowed, except when in actual use, unless a written variance has been granted by the Architectural Control Committee and the pole, backboard and net must be maintained in good repair at all times. Each single family residential structure constructed within the Property shall have at least two (2) but not more than three (3) garage spaces to house vehicles to be kept on the Lot, as approved by the Architectural Control Committee. No owners shall keep more than two (2) automobiles in such manner as to be visible from any other portion of the Property for any period in excess of seventy-two (72) hours. No inoperable automobiles or other vehicles may be parked overnight on any roadway within the Property. No automobiles or other vehicles may be parked

overnight on any roadway within the Property for more than two (2) consecutive nights. Service areas, storage areas, compost piles, and facilities for hanging drying or airing clothing or household fabrics shall appropriately be screened from view. No lumber, grass, plant waste, shrub or tree clippings, metals, bulk materials, scrap, refuse, or trash shall be kept, stored or allowed to accumulate on any portion of the Property except within enclosed structures or appropriately screened from view. No above-ground swimming pools shall be placed upon any Lot."

E. The VA has approved this Amendment by letter dated August 20, 1999, a copy of which has been placed in the records of the Association.

THE STATE OF TEXAS §
 §
COUNTY OF WILLIAMSON §

This Memorandum of Lease is executed concurrently with and evidences a Lease (the "Lease") dated July 14, 1999, between DDR DB DEVELOPMENT VENTURES, LP, a Texas limited partnership ("Landlord"), and LOGAN'S ROADHOUSE, INC., a Tennessee corporation ("Tenant").

Landlord has leased to Tenant certain premises (the "Premises") which are part of the shopping center property described on Exhibit A attached hereto. This Memorandum of Lease is executed solely to provide notice to third parties of the existence of the Lease

NOW THEREFORE, notice is hereby given to all parties that Landlord has leased to Tenant the Premises. The Lease has a primary term of twenty (20) years with two (2) successive 5-year extension options, but may be terminated by either party upon certain circumstances set forth therein. A certificate executed by Landlord and filed in the Real Property Records of Williamson County, Texas may be relied upon by third parties as conclusive evidence of the termination of the Lease

Notice is further given to all parties that the Lease provides that certain "Critical Accessways" which operate as accessways to and from the Premises (as shown on Exhibit "B" of the Lease) may not be closed or materially altered during the term of the Lease

This Memorandum is not intended to modify or amend any of the terms of the Lease, and in the event of any conflict between the terms of Lease and the terms of this Memorandum the Lease shall prevail.
